Dear Gavin & Natalie,

We are writing to thank you for your excellent services in helping us search and finally acquire an investment property in Inner West of Sydney.

We are living overseas and during our two weeks stay in Sydney, you managed to source a house in sought-after Leichhardt area. It was just fresh on the market and its asking price was below market value. You are so efficient in getting building and pest inspections done and sales contract reviewed within a day. Finally, you even obtained a further \$25,000 discount from vendor's asking price on that day!

Once again, well done, Gavin and Natalie. We shall be delightful to recommend you to other potential purchasers for buyer's agent and conveyancing services in Sydney. Looking forward to engaging you again in the future for our next investment property.

Kind regards,

JONATHAN ZHENG
